Juniors Busy Giving YMCA "New Face"

As their major philanthropy for the year, the Torrance Junior Woman's Club, Marina District, CFWC, have undertaken the almost Herculean task of renovating the YMCA building in Torrance. Their purpose is to make the building livable for the many young people who are in and out of the building each day, for the numbers of years necessary for the planning of a new building.

The barn-like structure presented an enormous decorating problem for Mrs. Allen Hofferber, philanthropy director, but by hiring some professional help and enlisting the labor of Juniors and their husbands, the entire main hall will soon be repaired and painted.

The dingy kitchen also looms as an almost insurmountable problem, but the Juniors are

Indian Child 'Adopted' by Junior Club

Regular monthly business meeting of the Torrance Junior Woman's Club, Marina District, CFWC, was held Wednesday evening, Nov. 11, with Mrs. Kenneth Boulter presiding.

Primary on the agenda was the announcement by Mrs. Boulter of the District selection of the "Adopt a Child" program as the major philanthropy for Marina District Juniors. This plan allows each club to choose the country and the agency through which their child will be selected. The individual clubs will also be allowed to have a personal contact with the child by mailing him packages directly, along with the financial support required.

The Torrance Juniors chose to adopt a child from the American Indians because of the extreme need of this group. The agency chosen to select the child for the club was the Christian Children's Foundation.

Mrs. Boulter also reported on the pressing problem of pornographic literature which is being distributed through the mails to children; and the "Hall of Horrors," a collection of examples of this literature by Postmaster Summerfield, which was shown to a committee from the Federation of Women's Clubs to illustrate their extreme immoral content.
